

COVER LETTER

Esteemed SENA

I am writing to you with great enthusiasm to express my interest in joining you in your search for a Sr. Quality Assurance.

Currently, I have two years of experience in manual testing, including one year in a role such as QA Leader, also to my deep knowledge of agile methodologies such as Scrum, I feel confident that I can contribute significantly to new projects.

During my career, I have honed my ability to create thorough and efficient test cases that ensure software quality and reliability.

My professional background is based on the following acquired skills:

- ❖ Programming languages in a basic understanding such as:
 - JavaScript
 - Python
 - and Java

- ❖ Intermediate knowledge of the principle SLDC and CI/CD
- ❖ Advanced handling Jira/Azure DevOps
- ❖ Cucumber/JMeter/Gherking/Jenkins

My meticulous approach and attention to detail has allowed me to proactively identify and resolve issues, resulting in continuous product improvement and customer satisfaction.

In addition, my leadership experience has provided me with strong skills in coordinating teams, assigning tasks and ensuring deadlines are met. I am committed to professional and personal development to contribute positively to the team.

I am excited about the possibility of being part of your team and contributing to your mission of providing quality products to your customers.

Thank you for considering my request. I remain at your disposal for any additional information you may require.
